—TO—

GAS CONSUMERS.

IN compliance with a pledge made in their communication of February last, to the Hon. Mayor and Board of Aldermen, the

Memphis Gas-Light Company

have determined to reduce the price on their sales of Gas supplied on and after the

First Day of December next

to the lowest rate then deemed possible, allowing a small profit on the capital invested, and pledge themselves that the price then established shall range among

THE LOWEST RATES CHARGED

in other Southern and Southwestern cities.

Their apparatus, lately at great expense improved and extended, enables them to supply a pure, strong and brilliant gas light as then supplied any where in the United States.

With reference to a much threatened opposition in business of this city, they do not deem probable, the Company hereby give notice to their patrons and the public, that in case of an actual competition they will supply their demands at

One-Third, or Less than One-Third the Rates Established by such Competitors.

Their Works were constructed with a view of remunerating the owners for their investments, as well as for the public convenience. Notwithstanding such intention, they will sell or furnish

A Card.

WE will at once rebuild our warehouse, and will have it completed by the 15th of September, but by the first day of that month we will be ready to receive goods on store.

The sheds will be divided into fire proof compartments by brick walls, and covered with tin. Those who have patronized us for the last two seasons, and those who may have proposed to do so the approaching one, may rest assured we will be ready.

We design establishing a Cotton Compress in connection with our warehouse, upon an extensive scale, which will be ready by the 1st of October or sooner. The proximity of our establishment to the river renders the handling of cotton so convenient that we can transfer cotton for shipment by river free of drayage. The advantage of the position is equal to one dollar per bale on all cotton sent for compressment from other warehouses, while on all cotton in our warehouse for compressment there can be two drayages saved, since it would be as easy for us to transfer it from our shed to the Compress as to turn it out in the ordinary way for transfer by drays.

FASSMAN'S IRON TIES

—FOR—

COTTON BALES.

THE undersigned have made extensive arrangements to supply the demand for these Ties the present season.

In addition to the FASSMAN IRON TIE and BUTTON TIE, so extensively used heretofore, they now offer his ALLIGATOR TIE, with teeth so arranged as to instantly clamp the hoop when the pressure is removed from the bale, and hold it without slipping.

Great pains have been taken to secure the best quality of iron.

These Ties are so simple in their arrangement that they can be applied by any one, to bales of any size, with the same facility and expedition as rope, in strength, security and facility of application, they will compare favorably with any yet introduced.

The advantages of Iron Ties are now generally recognized; but it is deemed not out of place to call the attention of those interested to the very emphatic recommendation of Underwriters, steamboat Captains, and Owners and Agents of Sea Steamers and Sailing Vessels, recently published in the newspapers in New Orleans.

Our Latest Improved

NEW SCALE PIANO-FORTE,

GROVESTEEN & CO.,

499 Broadway, N. Y.

THESE Instruments, after the most flattering testimonials from the first Pianists in the country, who, at our solicitation, have tested them in the severest manner possible, have been pronounced THE FINEST SQUARE PIANO-FORTE MADE IN THE WORLD.

It has always been our policy during the *thirty-six years* that we have manufactured Pianos, *twelve thousand* of which are now in use in the United States and Europe, to give the finest instrument at the lowest cost. Our superior facilities enable us to offer them from one to two hundred dollars less than any other First Class House.

The tone of these instruments are remarkable for their peculiar Sweetness and Great Brilliancy, never losing their quality when forced to their utmost capacity. The touch, together retaining its positiveness does not destroy the middle and upper registers by mingling with them in disagreeable confusion. The refined beauty of tone being equally delightful to the unpracticed and to the most cultivated ear.

They are an entirely new style of Piano, finished in the most superb manner, *with four full round corners front and back*, and the Lyre and Lyre Serpentine Base richly moulded, and each instrument is fully warranted for five years. sep6 dawly

MEMPHIS APPEAL.

MEXICO AND THE SOUTH.

The pen of the historian can not fail to draw, in emphatic periods, a striking parallel between the present condition of the Southern States and that of Mexico. A letter from Havana to the New Orleans *Picayune* thus portrays the late election in our neighboring country:

The elections for President and Chief Justice of the Supreme Court leave very little doubt of Juarez and Lerdo Tejada having been elected, although the result has not yet become known, and returns from only two or three States received. The non-reconstructed were either not allowed to vote, or else overawed by the bristling bayonets of Juarez and his minions. The State of Jalisco, which otherwise would have gone by a very large majority against Juarez, was carried by his party, because Gen. Corona had a detachment of soldiers placed at every poll, who intimidated all those that desired to vote the Diaz ticket, or else some person standing by noted their names for future reference, and, in Mexican parlance, that means confiscation, either with or without cause. Porfirio Diaz carried the State of Vera Cruz and Jaurez the City of Mexico. The amendments to the Constitution are defeated by a large majority. In the Capital the vote was 5527 for and 7477 against the amendments, 1192 voting blank.

If this description had been written with regard to the late Virginia election it could not be improved. The military power of SCHOFIELD, aided by the Loyal League, has given the "matter of States and Statesmen" over to negro domination. It is demonstrated, by this election, that the South is in the hands of as ignorant, reckless and unprincipled a set as ever ruled Mexico, or as now perpetuates the reign of Mongrelism in that beautiful country. The edict went forth from the Radical Congress that Virginia virtue, statesmanship and chivalry should be obliterated, in the Government, by the devilish policy of Jacobinism; and a fit tool and usurper was found in the person of the Commanding General of that Satrapy. He kept the polls open all night, in one ward, to elect the Radical candidates to the Convention. Negro Vigilance Committees are permitted to exile honest and respectable citizens, without *his* interference. And yet this is mockingly called a Republic! When did even degraded Mexico stoop so low as this? Alas for the Old Dominion! The resting place of WASHINGTON, JEFFERSON, MADISON and RANDOLPH has been Mexicanized, or what is worse, *Tennesseized*, or what is yet more deplorable, both Africanized and reduced to the domination of a petty military despot, who evidently regards the negro as better than the white man. Those "whose brains have been crisped by the sunshine of forty centuries in Africa," as a Northern cotemporary remarks, are hereafter to rule the most heroic and chivalrous people under the sun, unless the people of the North interfere, with their puissant arms, and stop the degradation. Let us hope that, under the inspiration of recent events, the shameful and degrading scenes, held in store for us by Radical malice, will be yet spared us, and that the rising tide of reaction will sweep away and overwhelm in its torrent the wretches and recreants to human progress, who have attempted to inaugurate such infamies in our midst.

LEGISLATIVE.

In the Senate on Monday, Mr. Elliott entered a motion to reconsider the vote on Friday passing the bill inflicting penalties upon common carriers for making discriminations among passengers on account of race, color, or previous condition.

In the House, bills were introduced to amend the revenue laws of the State, repealing the act increasing the number of justices and notaries in Shelby county; providing for the sale of the Hermitage and State Bank, which were referred to committees.

In the House, on Tuesday, a bill was introduced by Mr. Brown, to define the qualifications of jurors. The bill provides that all persons enfranchised under the act of February 25, 1867, shall be considered legal jurymen and gives to any party litigants, the right to challenge any person drawn as juryman, for cause, and if it shall appear that such person has been disfranchised by the act of February 25, 1867, he shall be disqualified from sitting as juror in said case. Referred to the Judiciary.

The bill to amend the charter of the city of Memphis was passed on second reading. The bill extends the corporate limits of the city, and creates two new wards, and repeals the act requiring voters of the city to be registered in their respective wards, and provides that voters shall only be required to exhibit certificates of registration from the Commissioner of Registration of Shelby county, and be residents of the city.

It is fair to say that the President's indorsement on the complaint amounted to a strong protest. Grant's answer to the President mildly agreed with the President's views but expressed apprehension that it was now too late to make the changes. Grant's indorsement on referring the papers to Pope has not transpired.

In view of the recent terrible defeat of the Radical party, the Union Republican Congressional Committee, of which Hon. Robert C. Schenck is Chairman, have issued an address to the people of the States that are to vote in November, which exhibits how sorely the committee feel under the popular verdict against Radicalism. The address says that not many days will elapse after the next session of Congress before several truly Republican commonwealths will be restored to our beloved Union. It ignores the idea that all the Southern States will be restored but only such as may be under Radical control. President Johnson is villified without measure, and the people are appealed to to perpetuate Republican ascendency and thus avoid further bloodshed. The address evidently overleaps itself, and shows a depression which evidences that this committee at least believe that the Radical party is bound on a voyage up Salt river.

H. L. Davidson, John C. Brown, Peter Turney, Henry Brown and N. A. Patterson were appointed a committee to report business to the afternoon meeting.

AFTERNOON SESSION.

The following report, submitted by the committee, was unanimously adopted:

1. That this committee recommend to the Legislature of Tennessee the adoption of the two-term system of the Circuit Court in lieu of the present system, and that the first term be made the trial term, provided the summons and a copy of the declarations be served sixty days before the term; but if served within sixty days, that the first term shall be the appearance term.

2. That the Legislature be requested as early as possible, to equalize the labors of the Circuit Judges and Chancellors of the State, so that each one may have at least six months labor in holding his courts; and to this end that the judicial Circuits and Chancery divisions be re-organized or changed as may be necessary.

3. We recommend a convention of the Circuit Judges to adopt rules of practice, with a view to facilitate the trial of causes, and especially to lessen the bills of costs to litigants and the State.

4. It is recommended to the Legislature to appropriate to each division of the State $10,000, to be expended in purchasing law libraries for the use of the Supreme Court.

5. We recommend the formation of a legal association, to be composed of the Judges, Chancellors and the members of the bar of the State, to meet at the capital annually, to improve the jurisprudence of the State, and elevate the tone of the legal profession; and that proper officers be chosen by the convention, and proper committees be appointed to report an organization of the association.

6. That in the recommendation of the members of the Nashville bar, that there be established for Davidson county a separate Chancery and Circuit District, with a separate Judge for each Court.

E. H. East offered the following, which were adopted:

Resolved, That a committee of nine, to be composed of three persons from each grand division of the State, be appointed by the chair to draw and present to the Legislature appropriate bills looking to the execution of the fifth resolution adopted by this Convention, and that this committee, by correspondence with the clerks of the Circuit Courts and the clerks and masters of the Chancery courts, ascertain and report the number of causes pending in their respective Courts, and the lengths of time necessary to dispose of each docket, and said committee will report to an adjourned meeting of this Convention on the 15th day of December next.

Resolved, That this committee take into consideration and prepare the details of an organization as proposed under the fifth resolution of the Convention, and report upon all the foregoing matters to a general meeting of the bar of the State, to be held in this room on the 15th of December next.

The following persons were appointed a Committee in accordance with the above resolutions:

Eastern District—O. P. Temple, D. M. Key, John Netherland.

Middle District—E. H. East, James E. Bailey, John C. Brown.

Western District—Hervey Brown, Henry G. Smith, M. D. Cardwell.

Officers of the "Legal Association" were then elected, as follows: President, Hon. Francis B. Fogg, Nashville; Secretary, Hon. E. H. East Nashville; Treasurer, Jordan Stokes, Lebanon.

The Convention then adjourned to the 15th December next.

[The papers throughout the State are requested to copy the foregoing proceedings.]

THE NEW INDIAN TREATY WITH THE KIOWAS AND COMANCHES.

The Stipulations in Detail.

From the St. Louis Democrat.]

We have already announced, in our dispatches, the signing, on the 21st inst., a treaty by the Peace Commissioners and the Kiowa and Comanche Indians. We are now enabled to give in detail the substance and bearing of the new treaty provisions, as follows:

The treaty concluded and signed on the 21st inst. with the Kiowas and Comanches, contains articles of very great importance.

By the treaty at the Little Arkansas, made with them on the 18th day of October, 1865, the United States ceded to them a district of country lying along the entire eastern front of New Mexico, the same being at least 350 miles from north to south. From the southeast corner of New Mexico, the line passed northeastwardly to a point on Red river, opposite the mouth of the North Fork; thence down Red river to the ninety-eighth degree of west longitude; thence due north to the Cimarone river; thence by said river to the Canadian, in Texas; thence west along the boundary of Kansas and Colorado to the place of beginning.

By examining a map it will be seen, the district then given contains not less than sixty thousand square miles, or nearly forty million acres. By that treaty they retained also the right to hunt on all the lands they claimed previous to that date, much of it lying still outside of that reservation. It was then agreed that they should receive fifteen dollars annually for each man, woman and child of the tribe, so soon as they should locate on their reservation, and ten dollars each so long as they should run wild. The five dollars difference so far, has been of no consequence at all in concentrating them.

The tribes are now estimated at four thousand persons, or about eight hundred lodges.

The object of the Commission is to get the Indians located, in order that civilizing influences may reach them.

The tract given back to them begins on the intersection of the 35th parallel with the 98th meridian, continuing west on that parallel to the North Fork of Red river; thence down the same to the main Red river, then along that river to the 98th meridian, and then up that meridian to the place of beginning, containing nearly six thousand square miles or three and a half millions of acres. This gives them not less than eight hundred acres for each man, woman and child. It is also provided that these tribes shall induce their brethren, the Comanches of Northern Texas, numbering perhaps 2,000 persons, to come and live with them, and if they succeed, the United States will enlarge their reservation by adding a quantity of land sufficient to give each person three hundred and twenty acres.

If the remaining Comanches can be induced to come in, this relieves a large section of country on the Texas frontier, and opens up a way for civilizing a once powerful and roving band.

On this reservation, where several bands of the Comanches are already farming, the Penetacher and others, it is proposed to build an agency house, a warehouse and other buildings for a teacher, farmer, miller, physician, etc., and that these persons be furnished to them, to live on the reservation and aid the Indians.

In lieu of the annuities provided under the treaty of 1865, it is proposed to give each Indian on the reservation annually a suit of clothing, consisting of coat, pantaloons, hat and socks. In addition to this $25,000 annually is to be given in such articles as the Indians may most need. Several other provisions are made to furnish seeds and agricultural implements to such persons as may commence farming.

The Indians agree to let all railroads be built, and especially the Smoky Hill and Platte roads. They agree to keep lasting peace, to capture no women or children, that they will attack no more Iraips, and cease to kill men.

They will be allowed to hunt on the old reservation, south of the Arkansas, until the settlements drive away the buffalo.

—A monument to Bishop Otey was placed in the cemetery at St. John's Church, Ashwood, Maury county, last week.

[WESTERN ASSOCIATED PRESS REPORTS.]

BOSTON, October 31.—Ex-Gov. Andrew, of Massachusetts, died here last night.

NEW YORK, October 31.—Santa Anna has been tried at Vera Cruz, and sentenced to death. He has petitioned the supreme government for mercy.

A private dispatch received this evening from California says the Democratic majority in that State exceeds 3000. The voting was light.

Thad. Stevens, in a letter to Dr. Y. Phaffer, says: "Since the adoption of the fourteenth amendment, I have no doubt of our power to regulate the elective franchise, so far as it regards the whole nation, in every State of the Union, and when it is tried I hope it will be so formed as to be beneficial to the nation, just to every citizen, and carry out the design of the framers of the Government according to the views expressed in the Declaration of Independence."

RICHMOND, October 31.—Gen. Schofield, in his official report, gives forty-seven delegates from the election districts having white majorities, and fifty-eight from districts having colored majorities.

NEW YORK, October 31.—The *Herald's* Richmond special says that Hunnicutt is reported to have told the negroes in Richmond who were discharged by their employers, to ask them for work again; if refused, to apply the torch to their dwellings.

It is the opinion of the best informed citizens that a municipal election under the present registration in Richmond, will occur within sixty days. If this be done, the city government will be turned over bodily to the Radicals and negros.

AUGUSTA, October 30.—Gen. Pope has issued orders to registration boards to keep the polls open until 5 p. m. Saturday. Returns of the first and second days indicate that the Convention would have been defeated had not the time been extended. It is now regarded as carried. The city and county vote to-day (total) is 2915.

LAGRANGE, October 30.—In the votes for two days there were only four white votes cast.

GRIFFIN, October 30.—There were 233 votes polled to-day. Very few whites are voting.

ATLANTA, October 30.—The total vote for the city and Fulton county for two days is 1810. At least four-fifths are for the Convention and the Union Reconstruction ticket.

SAVANNAH, October 30.—The election passed off quietly to-day. The total number of votes as far as heard from, 3500. Only one white man voted to-day, making two since the election begun. A new poll will be opened to-morrow for the whites. Nearly all the votes are for the Radical ticket.

COLUMBUS, October 30.—The result of the two days' election is 1116 votes, all for the Convention. There were only twenty-five white votes cast. The number registered in the county is 2910—1150 whites and 1760 blacks.

MACON, October 30.—The election to-day was remarkably quiet; no whites participated. Of the 1416 votes cast, only three were white.

ATLANTA, October 30.—Gen. Pope has ordered the polls to remain open until Saturday evening, it having been ascertained that the time allowed was not sufficient to permit a full vote.

LONDON, October 29.—The London *Globe* of this evening says, in an editorial article, that although Prussia is engaged to a neutral course of policy on the state of the Roman question, Count Bismarck, the Premier, has given an assurance to the Cabinet in Florence that he will not allow France to make war on Italy on account of the Papal complication.

TOULON, October 28 p. m.—The second French fleet, detained here by adverse weather, has followed in the wake of the first, and left for Roman waters. Large of artillery has also sailed. Troops are still pouring in here from different stations of the military department.

TOULON, October 29.—The imperial conscription for sailors for the French navy has been resumed here, and in all the other maratime quarters and districts of France. The railroad is still engaged in bringing in troops from different points, to augment the Italy-Roman expeditionary force.

ROME, October 27, p. m.—The revolutionary party is exceedingly active in its operations to promote the advancement of the national cause by a popular movement inside the city, and an uprising against the temporal authority of the Pope is regarded as imminent. Great alarm exists, as a number of bombs have been exploded in the streets during last night and to-day.

FLORENCE, October 29.—The press is engaged in an anxious discussion of the national crisis and policy of the Government. The more moderate and liberal journals express apprehension at the action of the Cabinet towards the Garibaldians, and in the observance of the September Convention. The Democratic papers are firm in their opposition of the course of the Executive, and loud in the condemnation of the idea of foreign intervention in Rome.

The *La Patrie* says the premier members of the new Italian Cabinet accepted offices under two positive official conditions with Victor Emanuel. First, That the King shall publicly disavow all connivance with or in support of the different Garibaldian bands who have crossed and are crossing the frontier into the Papal domain; and secondly, that by a military movement on the frontier, the Italian army co-operate with the French expeditionary force.

PARIS, October 29.—The news of Garibaldi's victory over the forces of the Pope at Monterrondo, has been confirmed by telegrams. The General displayed great personal daring during the engagement, his soldiers capturing all the Pontifical forces made up of zouaves and *gens d'armes* from Rome, but the Italian Government at once released them.

PARIS, October 28—Night.—The *La Patrie* of this afternoon says that Gen. Garibaldi's army is being reinforced by thousands of men who have deserted from the Royal army of Italy. He carried Monterrondo after a severe fight and marched direct for Rome. It is believed here that he is now at the very gates of the city.

The *La Liberti*, of this city, says that the Emperor Napoleon refused to permit the Italian army to co-operate with the French expeditionary force in the operations which may be undertaken in the Roman territory. In reply to the proposal of King Victor Emanuel in this direction, Napoleon said that Italian cooperation was unnecessary, as he intended to limit the sphere of French action.

THE First Drawing, which took place at Hernando, Miss., on the 5th inst., was attended with unusual success, when it is remembered that but a few weeks elapsed from the inception of the enterprise to that event. $17,000 worth of tickets having been sold, a like amount of property was drawn for, under the supervision of gentlemen selected by the ticket holders present. HERNANDO, MISS., June 15, 1867.

We hereby certify that the above report of the First Drawing of the Southern Asylum is correct, and that the proceedings were characterized by spirit of fairness and justness unsurpassed by any Drawing of which we have any knowledge. The Managers of the Company placed the tickets and wheels under our sole management and control.

PRINCIPLES GOVERNING THE CONDUCT OF THE APPEAL.

A Government of white men for white men: and no political miscegenation.

Loyalty to the Union of the States: Fidelity to the Constitution in its true extent and meaning: Obedience to and maintenance of all law, State and National, constitutionally enacted.

Resistance to Tyranny, Usurpation and Oppression, of one man or many; and to all encroachments upon the rights of freemen or of States, or upon the just and Constitutional prerogatives of any Department of the State or National Governments.

No Establishments of Military despotisms, no enthroning of martial law, no suspension of the writ of Habeas Corpus, no slaying of citizens by Military Commission, no interference with the Courts, no *lettres de cachet*, in time of peace.

Strict subordination of the Military to the Civil Power.

No standing armies of States in time of peace.

Restoration of disfranchised citizens to all rights and privileges of which they have been disseized; no prosecutions or disqualifications for political opinions; for the Past, oblivion of offences; for the Present and Future, Union, Peace, Law and Order.

Perpetual assurance to all freemen of the African race, of all the civil rights of freemen.

No Repudiation, by State or Nation, of any honest and lawful debt.

No revival of old party differences; but a Union of all Conservative men, of all former parties, who revere the Constitution, to restore the old land-marks of the Government.

No legislation to plunder one portion of the country for the profit of another or any.

Whatever is just; whatever is right; whatever is of good repute, and worthy of the descendants of English freemen.

THE BEGINNING OF THE END.

If the reader bears in mind what we wrote and quoted yesterday in respect to the condition of affairs in the Africanized Provinces of the United States, and if here in Tennessee, whence he may look southward and westward into lands without Liberty, Law or Constitution, he sees the condition of the ruined country all around him, he will be prepared to appreciate the following remarks of the *National Intelligencer*, in regard to that condition and to our people, and will know that the picture is none too dark:

Instead of conciliation, we plant an ineradicable sting of degradation. Instead of encouraging a Union sentiment we make Union the synonim for a local negro government. Instead of attracting capital, we repel it by vesting power in the class who own none. Instead of guarding the public debt, we add to its hazards by giving power to a class of persons, with little property or intelligence, hostile to taxes, and ready for every agrarian project. Instead of restoring the great staple of cotton, which has brought so much wealth to the national coffers, we destroy it by an odious discriminating tax and by demoralizing labor. And so it is with all the Southern industries. All the prostrate South is a dead member of the Union. As a matter of course, what do we find there but general gloom and depression? It may not be said of all that fair land as of Egypt, that "there is not one house in which there is not one dead," but it may be said in strict truth that there is not a Southern household to-day in which the bread of the people is not made bitter by oppression, by hopelessness, and by a continual dread and sense of insecurity. White families are abandoning the graves of their ancestors, removing to the North, to Brazil, anywhere, to avoid risk in the perils of a servile war. Such is Radical statesmanship! Is it to stand? How long shall the people of the country endure it and its authors? Discard, if you please, every thought of mercy for the fallen, of the magnanimity which ought to characterize power, and ask simply the question, whether in the interests of the Union, the Constitution, our own liberties, our own material wealth, progress, and well being, this most wicked and monstrous policy must not be reversed.

All this is true, and yet the end is not yet. We as yet see and feel only its beginning. The atrocities of negro-supremacy are as yet only beginning to display themselves.

The same intelligent and grave journal says, in measured words, to the Radical authors of iniquity, the sowers of the dragon's teeth of the ruin that is but beginning to be known:

We tell them plainly, it is no triumph of party that has driven them from power in Ohio and Pennsylvania. They are condemned for their deeds. Their negro supremacy, their outlawry of the whites, their supersedeas of the civil establishment, even in the ordinary administration of the Government—the great fact that they have, by the *force of arms, transferred from eight millions of educated, intelligent whites*, to four millions of *ignorant blacks, sovereign control over ten States of the American Union*. These are the sources of Republican weakness, defeat and condemnation. They have fallen by their own intrinsic wickedness, corruption, and faithlessness to the great cause of free government. They have proscribed intelligence and exalted ignorance and brutality. Those whom they called to registration, when they come to vote, cannot, in many cases, remember even the names they caused to be inscribed upon the lists. They seek to bring into the Union ten African States on the basis of perpetual exclusion of the white people and the domination of the blacks. In all this we say the conservative Republicans have been stricken down. It is their defeat and degradation. It is not the triumph of their opponents, but their own destruction by their own hands. Justice, humanity, patriotism, all good faith and honest brotherhood, the experience, habits, and traditions of our people condemn and repudiate them. They have been borne down by the weight of Radical policy. They are condemned for yielding to that monstrous scheme of reconstruction to which they put the seal of approval immediately after the Senate caucus on the project of the Sherman substitute. They have to-day far more to fear from their own faithlessness and folly than from the forces of partisan opposition. Their backs are laid bare to the scourge of justice, while conscience makes them cringing, skulking, cowardly victims of self-imposed castigation.

These are like the words of the inspired prophet Jeremiah to the men who misled and brought destruction upon Jerusalem.

"Yea, the stork in the heavens knoweth her appointed times, and the dove and the crane and the swallow observe the time of their coming; but my people know not the judgment of the Lord.

"How do ye say, *We are wise, and the law of the Lord is with us?* Lo, certainly in vain made He it; the pen of the Scribes is in vain.

"The wise men are ashamed. They are dismayed and taken; Lo, they have rejected the Word of the Lord; and what wisdom is in them?

". . . . Every one, from the least even unto the greatest, is given to covetousness; from the Prophet even unto the Priest, every one dealeth falsely.

"For they have healed the heart of the daughter of my people after a contemptible fashion, saying, Peace, peace; when there is no peace.

"Were they ashamed when they committed abomination? Nay, they were not at all ashamed, neither could they blush; therefore shall they fall among them that fall; at the time that I visit them they shall be cast down, saith the Lord.

"Thus saith the Lord, Stand ye in the ways, and see, and ask for the old paths, where is the good way, and walk therein, and ye shall find rest for your souls. But they said, We will not walk therein.

"Also I set watchmen over you, saying, Hearken to the sound of the trumpet. But they said, We will not hearken.

"Therefore hear, ye nations, and know, O congregation, what is among them.

"Hear, O earth: behold, I will bring evil upon this people, even the fruit of their thoughts, because they have not hearkened unto my words, nor to my law, but rejected it.

"To what purpose cometh there to me incense from Sheba, and the sweet cane from a far country? your burnt offerings are not acceptable, nor your sacrifices sweet unto me.

"Behold, the people come from the north country, and a great nation shall be raised from the coasts of the earth.

"They are cruel, and have no mercy; their voice roareth like the sea, and they ride upon horses, every one put in array like a man to battle against thee, O daughter of Zion.

"We have heard the fame thereof: our hands wax feeble: anguish hath taken us, and pain as of a woman in travail.

"O daughter of my people, gird thee with sackcloth, and wallow thyself in ashes: make thee mourning, as for an only son, most bitter lamentation: for the spoiler shall suddenly come upon us.

"I have set thee for a tower and a fortress among my people, that thou mayest know and try their way.

"They are all grievous revolters, walking with slanders: they are brass and iron; they are all corrupters.

"The bellows are burned, the lead is consumed of the fire; the founder melteth in vain: for the wicked are not plucked away.

"Reprobate silver shall men call them, because the Lord hath rejected them."

SLIGHTLY IN ERROR.

We have received a note from a correspondent who censures us for saying that Mr. Roger A. Pryor and "others of his class" were "savagely enamored" of State-rights; and that to them we owe all our losses and calamities.

Our correspondent thinks that we included in our censure all the original State-rights men of the South. We are sorry to be so misunderstood. We had reference to those extreme "fire-eaters" who denounced every Southern Whig, even Gen. Taylor, as an abolitionist, and those who favoured the compromise measures of 1850, as untrue to the South; those whosought to win popular favor by a zeal and violence that savoured wholly of passion and not in the least of wisdom; who were, not in intention but in effect, the most efficient allies of the abolition fanatics; and who, at last, hurried South Carolina into secession without consultation with her sister States. We believed as firmly in State-rights as they did, but we did not think them wise or safe counsellors. We believed the *would* bring civil war upon the country, and we now believe that to their violent unwisdom and zeal without discretion the calamities of the country *are* in a great measure owing; for to them, chiefly, the repeal of the Missouri Compromise and the unwise measures taken in regard to Kansas were to be ascribed. We are very far from imputing the disasters of the country to the great body of the State-rights party of the South, or to the more temperate and sagacious of its leaders; but to those who were fond of stigmatising as submissionists men as devoted to the rights of the States as themselves, and even of making odious to the people those whom they styled co-operationists.

A WORD IN KINDNESS.

We return our sincere thanks to friends at Bolivar for a list of the new subscribers. Our list at Oxford and Holly Springs has also been greatly increased. We can now repeat what we have heretofore said, and what has not been denied, that the *Avalanche* has a larger circulation than any other paper published in Memphis. We believe our circulation exceeds any of our cotemporaries by at least one thousand, and hence we offer greater inducements to advertisers.—*Avalanche, Oct. 30.*

We do not believe any thing of the kind. We do not believe that the circulation of the *Avalanche*, daily and weekly, *equals* that of the Appeal.

We are sincerely glad to know that our co-labourer and efficient ally is prospering, and, if it were in our power, would increase its circulation five-fold. There is no *rivalry* between it and the Appeal, at least on *our* part, and that, we think, we have always shown. We wish it all possible success.

We do not imagine that it *intends* anything ungenerous or uncourteous. We know, indeed, that the loyal nature of its editors forbids that. But, in all kindness we submit to our confreres, whether it is consistent with the spirit that should actuate those who labour side by side for a common purpose, to proclaim that it has *greater* claims upon the public, or offers greater inducements to advertisers than other journals that do not endeavour thus to divert business from their friends.

When the Appeal came into the possession of its present proprietors, it was agreed upon that it should never boast of its circulation, if it succeeded in regaining the ground it had lost, and winning the popular approbation, and that it would rely for success entirely on its own merits. To that resolution it has religiously adhered. It has not spoken as if it were the *only* journal in Memphis that vindicated the honour and asserted the human rights of the Southern people. It does not *wish* to be the only one, and as to its circulation, no one has known from its columns, anything in respect to it.

We hope that our ally will not fall into the common vice of journalism, in that regard. If it should (as we do not believe that, upon reflection, it will), we shall not imitate it. But if it insists on the supposed preference that ought to be given it on the score of larger circulation, we propose that it place at the head of its editorial columns, upon honor, the number of copies it prints and circulates daily, and the number of its weekly issue. We will do the same; and if there is to be competition for custom on that score, advertisers will have the means of knowing which medium to prefer. *We invite the comparison.* If it proves that the Appeal is but second in the estimation of the people, we shall not be mortified or hurt, but shall frankly congratulate our neighbor on its good fortune, and say that whose wears the palm deserves it.

STATE INDEBTEDNESS OF RAILROADS.

Gov. Brownlow, in a communication to the Legislature, thus states the Railroad accounts, including the January interest, 1867:

East Tenn. and Va. Railroad Co.	$106,542 00

Mobile and Ohio	43,986 20
Total amount	$1,492 924 73

G. W. BLACKBURN, Comptroller.

The same communication thus admonishes the railroad companies:

Finally, if the interest due the State, or a reasonable portion of it, is not met at the time required by law, I shall certainly appoint receivers on all defaulting roads. The interest upon the State debt must be paid, and the credit of the State must be upheld, and this can only be done by those companies paying up their honest dues.

To the Point.

The Richmond *Enquirer*, after saying that though it may not be possible to defeat the call for a convention, it will yet be in the power of the whites to vote down the work of any convention held, then goes on to urge that if the negroes will, by their votes, array themselves against the whites, they will be deprived of white employ, curtly closing with the remark: "They should not eat our bread and drink our blood."

Ristori was a Gipsey. Her father and mother belonged to a wandering company. She first appeared on the stage at two months old in a basket of flowers.

THE LOYAL INDEMNITY BILL.

The Nashville Radical organ has discovered that the passage of the so-called loyal indemnity bill will bankrupt the State. It requires but little sagacity to make the discovery. The passage of such a bill would about wipe out the State Government. Therefore the Radical organ preaches as follows:

While on this subject, we will add, on the authority of private letters from Eastern capitalists and bankers, that the apprehension of a large increase of State indebtedness, by the passage of an indemnity bill, has contributed largely to disturb confidence in the solvency of our State, and to cause a decline in the value of bonds. There is no probability of the passage of such a measure by the present Legislature. Whatever opinion that body may have of the measure in the abstract, there is a decided unwillingness to burden the State with new debts at this time, for any purpose not essential to the development of her material interests, and it is highly improbable that new bonds will be put on the market to an extent which would depreciate all the bonds to twenty-five or thirty cents on the dollar. The measure would be suicidal. It would defeat its own object for the receiver of the indemnity bonds would be taxed seventy-five cents to obtain twenty-five cents in return. The bankers and capitalists of the East dismiss any apprehension of further indebtedness from this source. Warmly as members may believe in the principle of indemnity, they will hardly add many millions to a State debt already large, at a time when the Democratic party is straining every sinew to effect national repudiation.

Russia does not appear to be in a very fine financial condition. Her debt has trebled within the last twenty years. Specie payment by the State Bank of Russia has long ago gave out, and it is constantly issuing its inconvertible notes to meet the wants of the Government. Since 1862 Russia has expended an amount annually very far in excess of its revenues.

Coffee or broth should never be allowed to boil. In coffee the aroma escapes with the steam, and with broth the essence of the meat escapes. So says Blot.

WANTED.

WANTED—THE PATENT

AURORA OIL.

We wish to every where to study their own INTEREST. The right to manufacture and sell the Patent Aurora Oil in a single county will make more money to the purchaser in three months than the largest farm in four States will make in a whole year. The Aurora Oil actually costs less than one-half the price of Coal Oil, and the illuminating power of the Aurora Oil is as much superior to the Coal Oil as the Coal Oil is to a tallow candle, and is no more explosive than a tallow candle. Any Lamp that will burn Coal Oil will burn the Aurora Oil. It does not smoke the chimney. It does not smell—it will not grease or stain the finest linen—not even white cloth. The material for the manufacture is inexhaustible. One man can make seventy-five barrels per day. No machinery required. We will pay freight fare to and from the city of Memphis and bills while here, if we cannot prove all, and even more, than we have stated. A single county is a small fortune to the man of enterprise, and the right to a State is untold wealth.

W. E. ROGERS, M. D., Secretary Board of Health.
Memphis, October 31, 1867.

EDUCATIONAL.—The State Superintendent of Public Instruction has appointed Rev. Wm. H. Pearne, of this city, Superintendent of Schools for Shelby county.

LOST.—On Wednesday night, between Main and Third streets, on Madison, a valuable Diamond Cross, for the return of which a suitable reward will be paid by Jimmie Smith, No. 2 Madison street.

THANKS.—We are again under obligations to Capt. Ed. McCormack, of the Southern Express Company, for the latest papers in advance of the mails. The S. E. C. is ahead of the U. S. M. every time.

MAIN STREET.—The contractors broke ground on Main street south of Madison yesterday morning, and are putting their work through in fine style. From present appearances, there is no prospect of a sea of mud on Main street this winter.

NAME CHANGED.—We are informed that the name of the postoffice at Flewellyn's X Roads has been changed to Independence. Those having correspondence with that place should address it Independence, DeSoto county, Miss.

AT LARGE.—Marshall Johnson, of the "cullud" persuasion, who was confined in jail, charged with grand larceny, was released yesterday by Justice Hall, he having given the necessary bonds for his appearance at the Criminal Court.

DIED.—Dr. Townes, of the well known firm of Townes & Co., Commission Merchants, died at his residence yesterday morning. The death of this useful citizen and upright business man will be regretted by his large circle of social and commercial friends.

PERSONAL.—We are pained to learn that our personal and much esteemed young friend, Capt. Jack Horn, of the house of Wormeley, Joy & Co., is dangerously ill with fever. We trust, however, that ere many days pass, he will be up and about again, as lively as ever.

REMOVAL OF HOWARD ASSOCIATION ROOMS.—For the convenience of the public, the Howard Association have removed their rooms to 280 Main street, under the Tennessee Savings Institution, where applications for nurses can be made day or night.

DOCTORS DOWN.—Dr. J. M. Keller, physician in charge of the City Hospital, has been quite ill, but is rapidly recovering. Dr. Thornton, in charge of the City Dispensary, is also under the weather, but is improving. We hope to see them both out in a few days.

RETURNED.—Henry Cowperthwait, of Cowperthwait, Chapman & Co., has returned from the East, where he has been purchasing an extensive stock of goods for his house, which will be displayed ere long. Our friend looks as well and handsome as ever.

A CHANGE.—We were informed yesterday, that Mr. F. M. Townsend, a well known railroad man, is to succeed Mr. Gridley as ticket agent, at the company's office, No. 287½ Main street. Those who have had business intercourse with Mr. Gridley will regret his retirement, but the patrons of the line cannot fail to be satisfactorily served by his worthy successor.

THE RIOT AT THE JAIL.—Mr. Sheriff Winters and Mr. John Magevedy, the jailor, express themselves under many obligations to the Metropolitan Police in the first district under Capt. Garrett, for their timely aid in assisting the keepers to suppress the riot on Wednesday morning. The action of all concerned was worthy of men who but simply did their duty.

HORSE STEALING.—Some of the numerous horse thieves who are prowling about the suburbs of the city, paid a visit to the place of Mr. Byrd Hill, about three miles from town, on the State Line road, and stole a very valuable bay horse, for the recovery of which one hundred dollars is offered. Locks, bars and strong doors seem to be no impediment in the way of these midnight thieves.

BEEF! BEEF!!—There are a class of individuals in the country round, who like to acquire beef, be it cow, heifer or bull, without paying therefor. Mr. Deaderick, who lives on the Pigeon Roost road, was one of their victims yesterday morning, he having lost by their depredations, two cows, one bull, and a heifer. Information was given to the authorities, but so far no trace has been got of the animals.

DEATH OF GEN. TAYLOR.—Gen. Jas. H. R. Taylor, of Holly Springs, Mississippi, died at the residence of his father, Dr. W. V. Taylor, in this city, on Wednesday afternoon. He was about forty years of age, and had filled many positions of honor and emolument in his State. He was a true friend, a gallant soldier, and in all, a truly good man. His loss is regretted, his memory honored and revered. His remains were interred at Elmwood yesterday with Masonic honors.

UNFOUNDED RUMOR.—Among the many rumors prevailing is one that Mr. Newton Ford, the well known cotton and commission merchant, is dead and the establishment closed in consequence. Mr. Ford has been ill, but is convalescing, and will be able to give his personal attention to business next week. The house of Newton, Ford & Co. is open as usual—has not been closed at all, and customers will receive the same attention as heretofore.

OWEN, MCNUTT & CO.—This reliable drug, doing business at No. 14 Monroe street, are daily in the receipt of large shipments of cotton from their customers in the country. They do a general commission and cotton business, and are tobacco merchants of well known standing. This house has ever been found attentive in making the most advantageous sales and prompt returns. It would be well for planters to make a note of this fact.

COUNTY COMMISSIONERS.—At the last meeting of the County Commissioners the following appropriations were made:

Ordered by the Board, That an appropriation of $1200, to be issued in two warrants of $600 each, be and the same is hereby allowed McCombs & Co., for burglar proof safe furnished the Clerk of the County Court. Ayes—Commissioners Merriman, Louis and President Lewis.

An account in favor of John League, Clerk, for $367 15 costs was, on motion, allowed. Ayes—Commissioners Merriman, Louis and President Lewis.

An account in favor of S. Behn, for $83 60, for beef furnished the County Poor House, was, on motion, allowed. Ayes—Commissioners Merriman, Louis and President Lewis.

An account in favor of W. L. McElfresh, for $13 85, for bread furnished the County Poor House, was, on motion, allowed. Ayes—Commissioners Merriman, Louis and President Lewis.

An account in favor of Dr. P. D. Beecher, for $450, for use and hire of ambulance, mule and driver at County Poor House, at Memphis, was, on motion, allowed. Ayes—Commissioners Merriman, Louis and President Lewis.

The following accounts, in favor of C. F. Chamberlin & Co., one account for $231, for stationery, etc., for Municipal Court; one account for $100 50, for Law Court; one account for $275 07, for County Court, and another for $247 25, for same Court, amounting in the aggregate to $853 82, were, on motion, allowed. Ayes, Commissioners Merriman, White, Louis, and President Lewis.

An account in favor of M. Nealis, for $400 80, for boarding prisoners, was, on motion, allowed. Ayes, Commissioners Merriman, White, Louis, and President Lewis.

It was also,

Ordered, That in order to secure the prompt completion of the jail, it being imperatively needed at the earliest period possible, Mr. Powers, the Contractor, be authorized to sell the warrants issued to him at the best prices he can obtain, but not below the market rate. Ayes—Commissioners Merriman, Louis and President Lewis.

The following was adopted:

Ordered by the Commissioners of Shelby County, Tennessee, That the committee composed of M. T. Williamson, W. E. Milton, and F. W. Buttinghaus, appointed at the July term for the investigation of the finances of the county, are entitled to the thanks of this Board for the able and faithful manner in which they have discharged their arduous and important duties, and that they are hereby relieved from further service, with the exception of M. T. Williamson, who is hereby retained on duty until January next.

The Board meets to-day at 10 a.m.

FAILED TO DELIVER.—Complaint was made by Mr. J. B. Englebatch to Mr. Justice Miller, yesterday, that one Julius Waggener had failed or refused to deliver up to the complainant a valuable watch which had been given him to repair; whereupon the accused was arrested and gave bonds for his appearance before the Justice to-day.

EMMONS & SON, No .10 Jefferson street, and 393 Main street, have received New York Ledger, Chimney Corner, Literary Album, Boston Pilot, Banner of Light, Sunday Times, and dailies from everywhere. Also new sheet music, La Crosse Democrat, Waverly Magazine, Police News, Police Gazette, Harper's Weekly, Frank Leslie, Round Table. Call at Emmons & Son for your reading matter.

HORN LAKE DEPOT.—This favorite place on the Mississippi and Tennessee railroad, has not escaped the attention of the individuals who appropriate the long eared species without asking leave. Some of this fraternity, on Wednesday night last, took from Mr. P. P. Walker a black mule, and, also, from Mr. James Rogers a brown of the same breed. The thieves and animals were traced to this city and have been lost sight of.

LOOK TO IT.—To the man of family, it is a duty incumbent that he should secure his dear ones against want, in case of his death. The matter of life insurance has now become an absolute necessity for this purpose. The ravages of war and the almost entire prostration of our commercial prospects makes the insurance of one's life for the benefit of those who may be left behind, of more importance than ever. One of the best companies we know of is the Phœnix Mutual of Hartford. Mr. S. D. McClure, well known to our citizens, is the resident agent. He has his office at No. 16 Jefferson street, and is prepared to issue policies on the most liberal terms.

STILL FRACTIOUS.—John Enson, one of the negroes who was concerned in the uprising at the jail, was removed from the lower cell yesterday and placed up stairs. Although heavily ironed, he still shewed signs of insubordination, calling the keepers all sorts of names, and cutting up generally. He succeeded by main strength in forcing one of the shutters, breaking the hinges, which caused it to fall to the ground. The keepers then handcuffed him to the grating, where he remained but a few moments, when he succeeded in getting loose, pulling the bracelet off his left wrist. The only way to tame such a fellow is to ring-bolt him.

TROUBLE AT A CONCERT HALL.—The employer and employed at the Varieties, on Washington street, got into a slight difficulty on Wednesday night, and the show was not a success. It appears that several of the performers had made up their minds not to *black up*. Mr. Broom, one of the proprietors, sued out an attachment and seized the trunk of one of his performers named Redding. Officer Martin went to serve the process, and was resisted by Redding. Martin called in the Metropolitans, when Redding was arrested. Charley White, the stage manager, and Broom also had a little fuss. It all ended in Redding and White being taken to the station house, and putting up forfeits. The cases will come before the courts to-day.

THE WEATHER AND THE EPIDEMIC. As we predicted yesterday morning, the individual known as John Frost paid us a heavy, welcome visit. He struck hard, and although the potato vines were destroyed we welcome John muchly and desire that he remain with us for a season. As will be seen by the official mortuary report, the interments from yellow fever have decreased one-fourth, and we could only learn of one or two new cases yesterday. The general impression seems to be that the danger is past for this season. The atmosphere at the time of our going to press was clear and cold, without wind. Doubtless the early risers this morning will find something more tangible on the gate post than an autumn dew. Welcome John Frost! Farewell (gladly) John Bronze!

DARING ROBBERY BY MACKERELS.—These young vagabonds still continue to rob and plunder in any case where there is even the "ghost of a chance." A party of them tried it yesterday and partially succeeded. The facts are about as follows: Mr. Sam. Cohen, who drives a bread wagon, was delivering some of the staff of life to one of his customers who keeps a restaurant, or snack stand on the levee. While he was inside the house, some of these young vagabonds attacked his wagon and took therefrom a quantity of bread and started on the run. He pursued them but they turned and hurled rocks at him. Of course he had to desist. No policeman being at hand he applied to the office on Adams street, but could get no assistance. He at last found a policeman and pointed out two of the boys concerned in the theft, but some draymen coming up saying that they were not in the crowd, the boys were let go. This is Mr. Cohen's statement. If it is true, the policeman was much to blame for not taking the parties in custody, (notwithstanding the declaration of the draymen,) inasmuch as Mr. Cohen was prepared to substantiate the charge. He alleges that the only satisfaction he got from the police was that, if the bread was made to eat it did not matter a d—n who got it. This remark might have been intended for a joke, but it was a poor reply from an officer of the law to a man who sought protection from their hands.

NEW MEMPHIS THEATER.—The popular play of *Fanchon, the Cricket*, was presented with Miss Melville, as "Fanchon," for the second time this season. She played it well, perhaps, a little better than on a former occasion. She appears to better advantage every time she essays a repetition. She was well supported by Mr. Roche, who played "Landry Barbeaud" in a capital manner. The "Old Fadet" of Mrs. Allen was an improvement on a former occasion, and free from the defects we then noticed. Although she does not seem to be well adapted for such parts, yet so far she has played them with remarkable ability. Miss Pierson did "Madelon" as she does everything in her line—well. The "Didier" of Mr. Ellerton, and the "Father Barbeaud" of Mr. Mitchell, was faithful and good. To-night is the last but one of Miss Melville's engagement, when she takes a benefit, when she will appear as "Lady Camilla," in the play of *Camilla's Husband*. After which our young townsman, Mr. E. Seessel, will recite the address of Col. Burke in the cause of the Irish rebellion, to be followed by the *Pretty Horsebreaker*. Miss Melville will doubtless receive what her merits, as a lady and an actress, so justly deserve—a bumper house.

THE FALL MEETING.—The meeting to be held on the grounds of the Memphis Racing Association, on the second Monday in November, under the auspices of the Turf Congress, promises to be a most brilliant affair. The track is in most excellent order; the Superintendent, Capt. John S. Lall, having given the greatest attention to his department for months past. The Ladies' stand has undergone a thorough repair, and everything done to render lady visitors comfortable. Ushers will be in attendance. The grand stand has also been refitted for the reception of visitors. The Secretary, Mr. Gibson, is daily in the receipt of letters from the most prominent turf men of the country, giving notice of their coming. There is certain to be a gathering of the finest stock, and all the prominent sporting men of the country on this occasion.

TRAVEL, TRAVEL.—The well known and veteran ticket agent, Capt. Larry Harmstad, having resigned the agency of the Illinois Central Railroad, and accepted that of the Memphis and Louisville line, is now prepared to furnish tickets to all points East and North by this popular line at the lowest rates. Call and see him at his great ticket office, corner of Main and Madison streets. He also tickets South over the Mississippi and Tennessee Railroad and its connections. He still retains the river agency for the old lines, and is prepared to ticket to all points as quick, if not quicker, as low, if not lower, than anybody in the business. Call at corner of Main and Madison.

CHARITABLE.—The following correspondence speaks for itself:

RIVER MATTERS.

WEATHER AND RIVERS.

We are gratified to announce that the wished for frost has at length visited us. It was no slight one, either, but sufficient to kill potato vines and other green things. Another such a freeze will effectually put a stop to the progress of yellow Jack, if this one has not already done so. The Board of Health report very few new cases, and the Howards, who have won the gratitude of all our citizens, will soon, we hope, be released from their arduous duties. We expect that our midnight dispatches will record a rise all along the upper Ohio, as rain has been falling along the headwaters of that stream in large quantities. The Cumberland has swollen a few inches. The upper Mississippi is about at a stand and at other points we have no change to report.

MISCELLANEOUS.

Capt. Jim. Durff, of the *Avalanche*, arrived home yesterday. He came by gradual approaches—in military style—and pronounces Memphis more healthy to-day than any point he has visited since leaving. We welcome you home, Capt. Jim.

Cotton accumulated rapidly at the St. Louis wharf boat yesterday. The Marble City will take about 1400 bales and the Jacobs will get nearly 1000 more to-day.

Capt. Davis, of the Rowena, arrived yesterday on the Ozark from the wreck of his steamer. From him we learn further particulars of her loss. Just after supper on Monday evening, after backing out from the wharf boat at Helena, she struck an old wreck which lies out in the channel and a few yards above the wharf boat. The shock was sudden and the sinking was almost instantaneous. Her bottom from the fore hatch on the larboard side back to her shaft was torn out so completely that by running down a stick at any point one can stir up the sand. Her forecastle is out of water, but her larboard cylinder is immersed, and the water is part way up the cylinder on her starboard side. She is badly broken and is settling down. The accident was so sudden that the passengers on board had scarcely time to become alarmed. When she first struck she careened badly, but righted on the keel. The Rowena had on board 298 bales of cotton, of which some 250 were saved and brought up on the Ozark. The remainder is in the hold, and will no doubt be saved in a damaged condition. Capt. Davis immediately set to work and had all movable on the boat packed up securely in boxes and turned the boat over to the underwriters. She was insured in Cincinnati offices for $20,000—Boatmans' $3500, American $2500, and the Queen City, Firemen's, Germania, Citizens,' Magnolia, Buckeye State, and Eureka, $2000 each. The officers of the boat are highly spoken of by all who were present at the time of the accident for their coolness and discretion. Capt. Davis is about to charter a boat to put in the place of the Rowena temporarily, and proceeds to Cincinnati to-day to purchase a fine sidewheel packet for the line. It is the general impression that the wreck cannot be raised, but an effort will possibly be made to do so. Messrs. and Harry, the clerks of the R will, for the present, make the of Levy & Miller their headquarters.

Capt. Geo. Wolf will, early in November, put the steamer Caroline in the New Orleans and Red river trade. Capt. Wm. Bateman will have command.

The Richmond is to be placed in the Vicksburg and New Orleans trade as soon as there is sufficient water in the river to enable her to pass over the bars. She is to leave Vicksburg twice a week, every Tuesday and Saturday.

The Peerless is loading at Cincinnati for the Arkansas.

The Michigan has laid up at Evansville.

The Tempest is laid up at Louisville.

The Kanawha Salt Company have brought suit for $6000 damages against the towboat Neville, in the United States District Court at Nashville. The Neville sunk a barge containing salt, at Jefferson ville, in June last.

The hull of a new boat, called the Lida D., built in Evansville, was launched at that place a few days ago. It is 125 feet long and thirty-four feet wide; she is designed for the Red river trade.

FINANCIAL AND COMMERCIAL.

OFFICE OF THE DAILY APPEAL,
MEMPHIS, October 31, 1867.

The gold premium has been declining gradually, in anticipation of the large amounts which will be paid out of the Treasury to-day. The New York market opened at 140¼ and declined ¼ by noon. Our dealers are keeping a fair shipping margin, which is rendered necessary by the rates of exchange. A few small lots were bought at 138@139. There is an occasional inquiry from the country, and light sales are more frequent than for some time back.

Exchange is in large supply, with a moderate demand. Our banks take No. 1 cotton bills freely at ½ off, and check on New York and other Eastern cities at ½ premium. Exceptions are made in favor of customers who as a general thing can buy at par to ½ premium.

City scrip is dull and inactive, 40c seems to be the lowest figure it can reach. There are but few buyers at that rate, but holders do not seem disposed to sell. Brokers hold at 42@43 for small amounts, and it is questionable whether large ones could be filled at less.

County warrants are dull and nominal. There is but a very light demand for any purpose, the offering rate by brokers remains at 70c. The offering rate by brokers remains at 70c. with few sales; selling at 75@80c.

Police scrip is offered occasionally, but dealers are well supplied. Vaquote it nominally at buying; asking at 75@80c.

The New York cotton market opened this morning dull, with prices nominally easier. Ordinary 15c; good ordinary, 17c; low middling, 18@18½c; middling, 18c; good middling, 21½c; Orleans, 20½c. At noon it was dull, with prices unchanged, and closed dull with holders anxious to realize. The Liverpool market opened dull with prices tending downward; uplands, 8½d; Orleans, 9d. Our market opened with a good inquiry at 16½c for middling, but holders were firm at 17c and sales were limited, but the opening New York dispatch caused the latter to come down in their views, and from that out the market was active at 16¾c for middling, which seems to be about the only grade in market. Orders have accumulated and buyers are disposed to fill. The opening Liverpool dispatch and the closing New York arrived together, when buyers generally withdrew. Sales for the day were about 1000 bales. The market closed this afternoon as follows:

This has been a dull day in trade. Our thoroughfares were more than usually quiet, but now that frost has made its appearance, and yellow fever no longer possesses any terrors to those who have been so fortunate as to pass through the ordeal, we may soon look for a change for the better—a very decided improvement in business. The cutting out of the river channels has increased our receipts latterly from all points materially. Produce comes in freely, and in many things there is a glut. Corn continues scarce, and we could learn of no lots for sale to-day. The stock on hand is held by retailers, who sell in a small way at $1 20@1 25. New oats are in demand at 90@95, with little in market. Hay firm and stock light. Timothy and fever is held at $27@28, and $30 from store. No bran in market. Oats are scarce and firm at 75@80c. There is a fair demand for mess pork, and prices are firm at $24@24 50. Clear sides, 18¾@19c; shoulders, 15¾@15¾c; breakfast bacon, 18@19c; plain hams, 20@21c; plain canvassed hams, 23@24c; sugar cured, 25@27c. Cabbage, per hundred, $6@8. Keg lard, 16½@16¾c; tierces, 15¾@16c. Apples dull and plenty at $3 75@6 50 per bbl. Butter is becoming more plentiful and prices are easier; Goshen, 45c; choice western, 40@42c; good, 36@38c; common, 18@25c, but not in demand. Bagging is in demand at 27@28c for 2lbs, and 25@26c for Kentucky power; hand loom 24@26c. No beans in market. Eggs are firm and scarce at 30c. Flour quiet but firm; common $5 50@6 75; super $7@8, X $9@10, XX $10 50@11, XXX $12@13; fancy brands $14@15 50. Chickens scarce, selling at $5 00 for young and $6@6 50 for old. Potatoes are scarce and firm; good at $4@5 per bbl. Onions, $5 50@6 75. Sweet Potatoes $3 per bbl, or 1 per bushel. Molasses firm at 70@80c for St. Louis rebolled; no New Orleans of consequence in market; syrup, $1@1 50. Sugar firm 18@20c for white crushed and powdered and coffee sugars at 17½@18½c; brown 14@17c. Rio Coffee, fair to choice, 24@27½c. Cliff Lime $2 25@2 50; Cape Lime, $2 25@2 50. Western reserve cheese, 18½@19c; factory, 18½@19c; English dairy, 18@19c. COMMISSION MERCHANT,

No. 276 Front Street,

MEMPHIS, TENN.

LIBERAL ADVANCES—Supplies at Wholesale Prices. Commission for selling Cotton, One Dollar per Bale.

To the Cotton Planters of West Tennessee, Alabama, Mississippi and Arkansas:

The undersigned respectfully tenders his services as agent for the sale of your cotton in this city, and for the purchase of your supplies. The unfortunate termination of the late war, which so materially affected the best interests of the South, has also had its effect upon the Commission business of this city, as transacted between planter and merchant. You doubtless well remember with what pertinacity (previous to the war), amounting in some instances to annoyance, you were solicited for your business at the rate of fifty cents per bale commission, free of drayage, and stored for twelve months without charge. Then the scene is changed; the producer was the ruling element, and high rents, rich landlords and mechanics were the result of planters' patronage. No people or occupation have been more seriously prostrated than planters and planting, and none so much deserve to be fostered and aided in their unfortunate changed condition. How these aid so much needed has been granted submit you I opine too well know. Onerous government taxes in general, and a special tax upon your leading production, Cotton, large profits you have had to pay upon supplies furnished, commissions on sales ranging from $5 00 to $7 per bale, monthly storage at exorbitant prices, and other expenses, as per reference to your account sales, as a sum total will leave you but little if anything upon which to rebuild your shattered fortunes, or to compete with the new order of affairs—free labor. When I withdrew from the Cotton and Commission Business in 1860, private reasons then led me to believe that I would never engage in it again. The solicitations of many friends that were no former patrons, and a desire to promote the interest of the planting community, so far as my feeble efforts can do so, and a disposition to make a gratuitous exhibited to a community that in times past tended so materially to the prosperity of Memphis and its merchants' commercial ability, has determined me again to offer my services in the capacity as stated. The reduced stocks of cottons in the United States and short supplies in the hands of New England manufacturers, consequent upon advance in prices from the late depression, hence early sales may be prudent and remunerative; such was the case the past two seasons, and many planters have had cause to regret the acting upon the too common practice of holding and drawing upon their cottons. I would a vise no planter to send forward his cotton unless he wished it sold upon the first active mark t, for then to be held at home much cheaper than in Memphis. My charges for selling cotton will be One Dollar per bale. Insurance effected in all cases if not instructed to the contrary. Shall buy your supplies from the wholesale houses, giving you the benefit of same. In short, by strict attention to all the departments of our business, I hope to merit a large share of your patronage.

Very respectfully,
R. A. MOON.

One Thing is Certain,

THAT however widely great men may differ, there is large majority of Doctors, Lawyers and Divines throughout the South who do agree that Dr. Williams' Pulmonic Balsam of Wild Cherry and Wood Naptha is the only certain cure for Pneumonia, Asthma, Bronchitis, Dipsheria, Coughs, Colds, Sore Throats, Palpitation of the Heart, Loss of Strength, Whooping Cough, Catarrh, Pleurisy, Difficult Breathing, and all diseases of the Chest and Lungs, and a certain and sure cure for Consumption in its early stages. That it cures all of the above enumerated diseases, is a fact beyond controversy, as there are thousands of living witnesses to-day ready to testify, who have been cured by this valuable discovery. Hear what some of our most eminent physicians of the South say: The distinguished Dr. Boom, of Macon, Ga., says that "in every case he has found this preparation a safe and prompt remedy, and in many cases a specific, and takes pleasure in recommending it as a reliable anodyne, expectorant, etc."

Dr. Tennant, of Marietta, Ga., a physician of deservedly high reputation as a skilful and experienced practitioner of medicine, entertains and expresses the same opinion, and recommends it extensively in his practice.

Dr. P. M. Cohen, of Charleston, S. C., a gentleman of well known character, and a wholesale dealer and importer of drugs and medicines, recommends it in the highest terms, and uses it, exclusively of all other remedies in his family, with the most satisfactory results.

As we might add even thousands of certificates of like recommendations of this medicine, all of which would only consume time in reading, for no purpose, as this great medicine is now well known throughout the South, where it has been in use for the last twenty-two years, to need any further recommendation than this—that all who have used it once are not satisfied to be without it; and so great has been the demand, that it has been only recently that we have been able to make such arrangements for its manufacture as to be able to supply the constant demands which we are daily in receipt of from leading druggists and other dealers throughout the South.

Having established our Labratory at the well known wholesale drug house of J. R. Wasson & Co., of this city, we are now prepared to fill all orders without delay, which shall be promptly met, (to the trade only), and must be addressed to J. R. WASSON & CO.,

THE MEMPHIS APPEAL

ELEGIAC.

Written in the portion of Cave Hill Cemetery, Louisville, allotted to the Union Dead.

BY GEORGE D. PRENTICE.

Here, whilst the twilight dews
Are softly gathering on the leaves and flowers,
I come, oh patriot dead, to muse
A few brief hours.

Hard by you, rank on rank,
Rise the sad evergreens whose solemn forms
Are dark as if they only drank
The thunder storms.

Through the thick leaves around
The low, wild winds their dirges like music pour,
Like the far ocean's solemn sound
On I s lone shore.

From all the air a sigh,
Dirge-like, and soul-like, melancholy, wild,
Comes like a mother's wailing cry
O'er her dead child.

Yonder, a little way,
Where mounds rise thick like surges of the sea,
Those whom ye met in fierce array
Sleep dreamlessly.

The same soft breezes sing,
The same bird chant their spirit-requiem,
The same sad flowers their fragrance fling
O'er you and them.

And pilgrims oft will grieve
Alike o'er Northern and o'er Southern dust,
And both to God's great mercy leave
In equal trust.

O ye and they, as foes,
Will meet no more, but calmly take your rest,
The meek hands folded in repose
On each still breast.

No marble columns rear
Their shafts to blazon each dead hero's name,
Yet well, on well, ye sumbler here,
Great sons of fame!

The dead as free will start
From the unburdened as the burdened sod,
And stand as pure in soul and heart
Before their God.

Southern Railroads—Arrival of the Congressional Committee.

The committee appointed last winter by Congress to investigate and report upon the condition of the Southern railroads, arrived in this city yesterday by the early morning train from Chattanooga, and is now at the Stacey House. The committee is composed of Hons. J. W. McClurg, of Missouri; Ulysses Mercer, of Pennsylvania; Phineus Sawyer, of Wisconsin, and H. D. Washburne, of Indiana, and is accompanied by N. G. Ordway and S. D. Lord, Sergeant-at-Arms and Assistant Sergeant-at-Arms of the House of Representatives. F. P. Meigs is the clerk of the committee, and J. O. Loghlen accompanies it as representative of the New York *Herald*.

The route of the committee from Washington was by way of Richmond, Charleston and Savannah to this point, from whence they will proceed direct to Washington to-morrow.

They were engaged yesterday with the leading railroad men here, gathering facts in regard to our roads.—*Nashville Union and Dispatch, 29th.*

The Last Prisoner to be Released.

We are truly gratified to learn that there is a prospect of the early release of Lieut. J. C. Braine, of the late Confederate navy, who has been since the close of the war and is now a prisoner in Fort Delaware. Lieut. Braine has never had a trial, and it is understood that he will be released on parole, and when his case is called, a *nol. pros.* will be moved by the District Attorney of the district in which he may be indicted. Thus at length justice will be meted out to a man who is not a whit more guilty than any one who espoused the "lost cause," but who has, by a concatenation of circumstances, been made to bear imprisonment and suffering to this late day. All that is necessary now to effect his restoration to liberty is the amount which will be required to pay the expense of a process to satisfy the forms of the law, and as Lieut. Braine is absolutely destitute, we earnestly hope that his numerous friends in this city will come forward and contribute to the desirable end. We shall be most happy to receive subscriptions in his behalf and forward them where they can be properly employed.—*Charleston Courier, 24th.*
